With a mixture of science, history, culture, and art, Presidio and Fort Lowell camps engage your child with a variety of hands-on activities and demonstrations in a unique setting. Our camps are small to allow for more one-on-one interaction and the opportunity for participants to build relationships with one another. All activities incorporate lessons about the Sonoran Desert, local culture, and local history, but don’t worry, the kids will be having so much fun they won’t even realize they’re learning!
